Selection procedure for the Medicine and Dentistry degree programmes (state examination) under the international student quota

Applicants for Medicine or Dentistry degree programmes who are non-EU citizens and do not hold a German university entrance qualification – and therefore apply via uni-assist – may submit additional supporting documents along with their standard application. These documents may improve their position in the ranking list.

The following selection criteria are taken into account:

- ✓ **University entrance qualification grade** (UEQ – grade from your school-leaving certificate or other document that qualifies you to study in Germany)
- ✓ **TestAS result** (**Core Test and Subject Module** Mathematics, Computer Science and Natural Sciences)
- ✓ Results of **German language test**
- ✓ Other **bonus criteria**

Points are awarded as follows:
