### Changes for the winter semester 2020/21

Dear students

Please note the following information concerning modules in the upcoming summer semester for all international degree courses:

You can find the different module directories on: <https://www.uni-giessen.de/faculties/f09/studies/msc/module-directories>

### Situation due to the corona virus

Due to the corona virus, the winter semester 2020/21 will continue to be held mainly in digital form. If necessary and possible, attendance classes are additionally offered in some modules or module parts. An overview of the definite module structures during the Corona restrictions is available on the website. The timetable is updated and shall remain in effect. Digital live webcasts take place at the respective timetable slots. Please click the following link for more information: <https://www.uni-giessen.de/faculties/f09/news>

### Changes of modules on offer

- MK 102 Global Food Markets will take place in the winter semester
- MP 164 Geomatics for Development will not be offered anymore

### New Modules

- MP 211 Agriculture, Ecosystem Functioning and Climate Change
- MP 218 The Economics of Nitrate Pollution

**Detailed information on the modules for Transition management (modules of other faculties) and Insect Biotechnology and Bioresources (THM modules) will be given as soon as possible.**

### **Registration for Modules of the Faculty 09**

You will be able to register for the modules listed in the mentioned module directories in Stud.IP from 28 September to 11 October. For modules with limited seats, you can register in the waiting lists for remaining seats. These will be in the draw on Wednesday night (30 September).

In order to be considered for pre-registration by the deanery, you must update your profile module plan by 17 September 2020, 12 noon. The pre-registration runs from 21 September - 25 September and concerns only profile modules with a limited number of participants. When updating your profile module plan, please make sure that the modules are arranged correctly for the semester. Please also make sure not to exceed the maximum number of profile modules and not to include any core modules in the profile module plan. On the website of the department you find instructions for the module registration (<http://www.uni-giessen.de/fbz/fb09/studium/stdk/mdlanm>) as well as the creation of the profile module plan in FlexNow (<http://www.uni-giessen.de/fbz/fb09/studium/stdk/stprp>).

### **Update timetable / module descriptions / FlexNow**

You find the updated module descriptions and timetables for the winter semester on the faculty's website. The modules for the winter semester will be published in Stud.IP on 14 September 2020.

If you have any questions, please do not hesitate to contact me.

Nadine Ackermann (Study Coordinator)
