University of Veterinary Medicine, Vienna

**Invitation and Call for abstracts:
South American Camelid Congress
Vienna 2023**

8th - 9th December 2023

Location: Vetmeduni, Veterinärplatz 1, 1210 Vienna, Austria

World leading experts provide an insight in recent developments in South American Camelid medicine, surgery, breeding, and herd health management.

We would like to invite you to participate at the International South American camelid congress in Vienna. All details on location, organizational details and registration are provided at the [Congress Website](#)

Please keep in mind that an early bird registration will be open till 30th September.

Additionally, we invite you to submit abstracts for short presentations and posters to following topics:

- Infectious diseases/parasites
- Internal medicine/laboratory medicine /skin diseases
- Surgery and orthopaedics
- Metabolism, feeding, nutrition
- Reproduction/breeding
- Herd health/herd management
- Crias and young stock
- Miscellaneous/case reports

Deadline for submission is the 30th June 2023; the authors will be informed by early July. First authors of short presentations and posters will get a reduction in attendance fee. Further Information and advice on abstract submission are provided on the Congress Website.
