

Summer Semester 2013

GGL - Section 6 (Reproduction in Man and Animals)

Date	Topic	Speaker
15.05.2013 17:00 h	“Altered microRNA expression profile of human spermatozoa in patients with different spermatogenic impairment.”	Dr. Masood Abu-Halima (Homburg/Saar)
22.05.2013 17:00 h	“Placental structures and endocrine functions in domestic animals.”	Prof. Gerhard Schuler (Giessen)
05.06.2013 17:00 h	“New Aspects of TESE in NOA patients”	Prof. W. Weidner (Giessen)
12.06.2013 17:00 h	“The CatSper channel: a polymodal chemosensor in human sperm.”	Dr. Timo Strünker (Bonn)
19.06.2013 17:00 h	“Cryopreservation of (in vitro produced) bovine embryos.”	Dr. Hanna Stinshoff (Giessen)
! Thursday ! 27.06.2013 17:00 – 19:00 h <u>Location:</u> BFS Rooms 17.1 + 17.2	<i>“Perspectives – Gender Awareness and Career Chances for Women in the Life Sciences“:</i> „Regulation of meiosis in mammalian ovarian follicles by cyclic nucleotides“.	Prof. Laurinda Jaffe (University of Connecticut Health Center)
03.07.2013 17:00 h	“Immune Response against Bacterial Infections – Part II.”	PD Dr. Shneh Sethi (Giessen)
10.07.2013 17:00 h	“Methods for detection and characterization of cellular signalling proteins.”	Dr. Dieter Müller (Giessen)
17.07.2013 17:00 h	“High resolution imaging using Nano- and Micro-CT.”	Dr. Marian Kampschulte (Giessen)

Practical course:

04 – 06 June 2013 9:30 a.m. – 4:00 p.m.	“”Basic Principles of Epigenetics”	PD Dr. Undraga Schagdarsurengin (Gießen)
Location:	Lab for Molecular Andrology (Schubertstr. 81, BFS)	

Internal Location:	Institute of Anatomy and Cell Biology , Ground Floor, Room 19 (“Palmengarten”) 17:00 h
---------------------------	---

External Location:	Biomedizin. Forschungszentrum Seltersberg (BFS) , Small Lecture Hall 17:00 h
---------------------------	---
