

General info:

- First package-free store in the region
- Founded in 2018
- Mission: "to offer high-quality, fair and sustainable products"
- Focus on transparent value chains and regional products

What they offer:

- Loose and dry foods such as many kinds of flour, grains, seeds, legumes, rice, pasta, spices and much more
- Candy, chocolate, snacks such as dried fruits
- Fresh seasonal vegetables
- Non-food products such as cleansers, cosmetics, small local brands, fairtrade or upcycled products etc.

How it works:

1. Choose a container: your own, gauge, buy from the store or choose from the donation box
2. Weigh the empty container
3. Note the weight on the container
4. Fill the container with food of choice or non-food product
5. Pay
6. Enjoy with peace of mind knowing that you made a difference 😊

Related SDGs: a holistic approach touching on many different SDGs and connecting them

Why it is important: package-free stores are part of the solution & can help us move from a state of

APATHY → ACTION
