

WHAT IS THE INTERCAMBIO MEETING?

WHAT IS TANDEM LANGUAGE LEARNING?

A Tandem consists of two people learning each other's mother tongues. It gives you the opportunity to learn from a native speaker and in return to help somebody practice your mother tongue.

You learn a language "in real life". You can have coffee, cook or do sports together, go to the movies... It's not a class, make it YOUR Tandem! It's also a great opportunity for intercultural exchange. German is usually one of the languages in a Tandem.

ALL LANGUAGES ARE WELCOME!

Get together and meet native speakers!

YOU DECIDE!

We help you find a partner, but you decide how your Tandem will work!
