History & Culture

This comprehensive Summer school course will give you great insight into Central European culture and architecture, while at the same time giving you the opportunity to spend time in the heart of Central Europe: the city of Olomouc. Next to that, the school will organize other activities aimed at giving you a better understanding of Central European history, knowledge which will prove invaluable in the current era of globalization.

Central Europe & European Integration

In collaboration with the International Relations Office, the Faculty of Law organizes the Summer School of Central Europe & European Integration. In two comprehensive weeks, students are given the chance to familiarize themselves with the history and role of Central Europe within the EU, learning about European Integration, the relevant institutions, as well the current political climate in Central Europe.

**These programs are also available online,
at a reduced fee.**
