Subject area (languages; education; mathematics...)	Languages; vocational subjects (electrics and electronics, mechanical engineering, technologies and installation and maintainance tecniques for civil and industrial installations),mathematics.
Location	Macomer – Sardinia - Italy
Start Date	September
Duration	6 – 9 months
Working hours per week	14/16
Description of activities,tasks	The trainee student will participate in curricular and extra-curricular tasks. He/she will support teachers during class activities as well as being involved in projects concerning either language and communication or vocational subjects. He/she will also participate to local events and the Erasmus Plus projects which are now being planned by our institution.
COMPETENCES REQUIRED	
Languages and level of competence required	As the L2 in our institution is English, and we are making important efforts in order to motivate students either to learn or

	improve it, it would be of great help for us to host an English speaking assistant.
Computer skills and level of skills required	ICT are widely used both in class and in extra-curricular activities, consequently a good level of computer skills is required
