<b>04-Geschichte-BA-02</b>	<b>Basic Module – Medieval History</b>	<b>1<sup>st</sup>-2<sup>nd</sup> semester</b>	<b>9 CP</b>	
Module	Basic Module – Medieval History			
Module code	04-Geschichte-BA-02			
Faculty/Subject/Department	Faculty 04/History/Department of History			
Available for the courses of study/semesters...	BA Historical and Cultural Studies/main subject; subsidiary subject 1-2			
Module coordinator	Cf. German version			
Prerequisites	Tutorial: None			
Learning outcomes	The students possess:			
	<ul style="list-style-type: none"> <li>• Knowledge of central topics and key issues of medieval history.</li> <li>• Knowledge of subject-specific techniques for academic work, tools and fundamental work.</li> <li>• The ability to define and apply concepts central to medieval history</li> <li>• Basic knowledge of methodology, working techniques and auxiliary resources specific to the epoch, especially of complementary sciences relevant to medieval history.</li> <li>• A basic orientation with regard to major topics, problems and research results as well as epochs of medieval history.</li> <li>• Introductory knowledge of current research.</li> <li>• The ability to independently familiarise themselves with topics of medieval history and the ability to present the results of their work in an academic manner.</li> <li>• Knowledge of fundamental characteristics of the more important types of sources.</li> <li>• The ability to work with (foreign-language) sources and to interpret them in a manner appropriate to the discipline.</li> </ul>			
Module contents	By giving an overview of a section of an epoch as well as of a selected topic from politics, culture, economy and society, the lecture gives an introduction to medieval history.			
	In the seminar, through a concrete theme, students will practice skills, independently work on questions, and answer them in a methodically and subject-appropriate manner.			
	In source-based exercises, the principles of source criticism as well as handling of different medieval source types will be practiced. The students should gain insight into historical auxiliary sciences (such as palaeography, diplomacy, sphragistics, chronology, etc.) in order to become qualified to work with medieval sources.			
Form of instruction	Lecture (2 contact hours per week), Seminar (2 contact hours per week); source-based tutorial (2 contact hours per week)			
Method of assessment	Module component examination			
Total workload	Total	270 hours		
	Module composition			
	A courses	Lecture	Seminar	Tutorial
	Aa Contact hours	30 hours	30 hours	30 hours
	Ab Preparation/Revision, Final module examination	30 hours	45 hours	45 hours
B autonomous work	60 hours			
Examination	Module-component examinations	<u>Lecture</u> : written examination (60 min) or oral exam (15 min) as decided by the lecturer at the beginning of the course. <u>Exercise</u> : written exam (60 min). <u>Introductory Seminar</u> : term paper with source analysis (10,000-12,000 characters)		
		<u>Module component retake examination</u> : Retake of failed exam (60 min.) or oral exam (15 min.); revision of source analysis within 14 days. <u>Module-retake examination</u> : If several module-component retake examinations are not passed, there will be a final module retake examination in the form of a written examination of 60 minutes or term paper decided by the lecturer at the beginning of the course.
