| Learning outcomes                          |   | Students are expected to have knowledge, competences and skills that meet the level C1 of the Common European Framework of Reference for Languages: They are expected to understand a wide spectrum of challenging, longer texts and additionally the deeper meaning of these, and to express themselves spontaneously and fluently, without the need for frequent and noticeable hesitation to search for words. They are also expected to be capable of using the language effectively and flexibly within social, occupational and educational contexts, as well as to express themselves on an issue in a clear, structured and elaborated way, appropriately applying different methods of linking texts. |   |              |
| Module content                             |   | Language practice 1: <i>Grammaire</i><br>Repetition of basic grammatical structures. Regular exercises and assignments help to eliminate written and spoken mistakes.<br>Language practice 2: <i>Communication écrite</i><br>The seminar helps to practise written communication. The focus lies on creative and topic-orientated writing (about current events and culture in French society). Translations will be one form of practice. Key areas of grammar will be identified, refreshed and consolidated. Analysis of mistakes will be applied in a constructive manner.   |   |              |

| Learning outcomes                          |  | Students are expected to demonstrate knowledge, competences and skills in accordance with level C1 of the Common European Framework of Reference for Languages. They are expected to obtain information through the French press. The objective is acquisition of advanced skills in the French language in order to gain a good/very good understanding of all sections of a French daily or weekly newspaper, including themes relating to regional studies. Students should be in a position to translate newspaper articles concerning France published in the German press, and to consider the different emphases within domestic and world current affairs. |  |   |
| Module content                             |  | <p>Language Practice 1: Translation French-German<br/>Translation of French newspaper articles to help form accurate and substantiated knowledge of general social, political as well as economic processes. Additionally, common translation problems will be discussed.</p> <p>Language Practice 2: Translation German-French<br/>Consolidation of written and oral language skills through the translation of selected German language articles regarding various aspects of French current affairs. Discussion of structural differences in the German and French languages.</p>   |  |   |

| Learning outcomes                          | <p>Students are expected to have knowledge, competences and skills that meet the level B2.2 of the Common European Framework of Reference for Languages: They are expected to understand contents of complex texts on concrete and abstract topics, and understand specialist language within a specific field.</p> <p>Students should be able to understand and speak Portuguese spontaneously and fluently so that a routine conversation with native speakers is possible without any difficulties on either side. Students are also expected to express themselves in writing clearly and in detail on a broad spectrum of topics, express an opinion regarding a current topic, and discuss the advantages and disadvantages of various situations.</p>         |  |   |
| Module content                             | <p>Technical Language tutorial 1: Basic Technical Language course<br/>The course focuses on the development of language competences within central economic fields. The main focus lies on occupation-related everyday situations. The technical Portuguese economic terminology will be taught using various types of technical language texts.</p> <p>Technical Language tutorial 2: Advanced Technical Language<br/>Various socio-economic aspects of Portugal or Brazil will be discussed using a variety of text types. The main focus of the course lies on Portuguese-language business correspondence, writing a CV, translation of current technical language texts from German into Portuguese; essay writing on current events in Portugal or Brazil.</p> |  |   |
