From there, follow the footpath (past the university library, buildings B1 and B2 etc.) to building F (large, green-blue „F“ on the outer façade).

On the university campus:

- Our department is located in building F. This part of the building has its own entrance. The Department of Developmental Psychology is located on the first floor (after the entrance door, take the stairs or lift on the right-hand side) on the right behind the glass door.
