

Final Exam Rules

Please arrive on time to the exam.

Fill out the cover page with your personal information and signature.

Check to ensure no pages are missing in your copy of the exam.

By no means use a pencil. Only felt-tip and ballpoint pens are allowed.

Do NOT write in red! Blue or black are allowed.

Please turn your cell-phone off so that there are no disturbances during the exam.

Calculations are not allowed to be done with a cell-phone. Only hand-held calculators are allowed!

Check that your answers are actually written in the answer fields. Circles or underlines within the problem texts cannot be counted.

Write neatly; sometimes the letters 'c' and 'e' are barely distinguishable.

Once you are done or the time is up, return your exam to one of the examiners; do not simply leave it where you sat.
