

## Core Module Plan Master **Insect Biotechnology and Bioresources**

1. Sem. WS	<b>Applied Statistics</b> (MK-002)	<b>Natural Product Chemistry</b> (MK-087-EN)	<b>Entomology I</b> (MK-088-EN)	<b>Insect Biotechnology and Integrated Pest Managem.</b> (MK-089-EN)	<b>Profile Module</b> (MP-XXX)
2. Sem. SS	<b>Bioresources for Natural Product Discovery</b> (MK-090-EN)	<b>Entomology II</b> (MK-091-EN)	<b>Food Technology</b> (MK-092-EN)	<b>Bioprocess Engineering</b> (MK-093-EN)	<b>Profile Module</b> (MP-XXX)
3. Sem. WS	<b>Internship (MP-196)</b> or <b>2 Profile Modules (MP-XXX)</b>		<b>Profile Module</b> (MP-XXX)	<b>Profile Module</b> (MP-XXX)	<b>Profile Module</b> (MP-XXX)
4. Sem. SS	<b>Profile Module</b> (MP-XXX)	<b>Master-Thesis</b>			

**MK** = Master Core Module (mandatory); **MP** = Master Profile Module (optional); **EN** = Module is taught completely in English; **DI** = Module is offered completely digital

**WS** = winter semester; **SS** = summer semester

Please note: This module schedule is a recommendation of an ideal course of study schedule. The above shown sequence and distribution of the modules during the four semesters of the standard period of study is recommended but not obligatory. The study structure of the faculty 09 (FB 09) allows many individual modifications of the course of study schedule regarding the course and duration of the study program. Reasons for such an adaptation could be e.g. a job, family reasons, chronic illness, disability. Please contact the study coordinators in these matters ([studies@fb09.uni-giessen.de](mailto:studies@fb09.uni-giessen.de)). Profile modules may be chosen from the complete module catalogue of the faculty 09. Profile modules with 6 CP from within other JLU faculties may be accepted by the Examination Office.

All module catalogues can be found at the website of faculty 09 >> [module directories](#)
