

student survey at JLU

questionnaire of the twelfth student survey winter semester 2017/18

WELCOME PAGE

Dear Students,

As in the past few years, JLU is conducting a student survey this winter semester. It is principally about your situation as a student from your own point of view. This questionnaire is closely linked to the "Studentenwerk" social survey being carried out throughout Germany. The data obtained at JLU can then be compared with the national survey.

Participation in the questionnaire is optional. The data will be provided to your Faculty with a view to improving the situation for students. The survey is subject to data protection laws, i.e. all the data will be evaluated anonymously and will not be linked to your identity.

Please join in - as students, you are the experts when it comes to judging the conditions for studying at JLU. Your experience relating to your specific degree programme is of great value to the university.

With kind regards and best wishes in your studies,

Prof. Dr. Joybrato Mukherjee
President
