

## CRC1213 Seminar Series 2023

Venue: BFS - small lecture hall Schubertstr. 81, Gießen

From 2 p.m. to 5 p.m.

January 13, 2023

**Guest Speaker – Prof. Michael Guckert  
Technische Hochschule Mittelhessen**

**B09N** “Mechanisms of pulmonary vascular and right ventricular remodeling in heart failure with preserved ejection fraction”

February 24, 2023

**Guest Speaker – Dr. Irene Lang  
Medical University of Vienna**

**CP01** “Biobank of human right ventricular tissue, lung and blood specimens from CTEPH patients “

March 31, 2023

**Guest Speaker – Dr. Daniel Dumitrescu  
Universitätsklinik der Ruhr-Universität  
Bochum**

**A08** „Kinase signaling driving “pseudo-malignant” lung vascular remodeling – therapeutic exploitation”

May 5, 2023

**Guest Speaker – Prof. Gabor Kovacs  
Medizinische Universität Graz**

**B08** „Right Ventricular (RV) function in Pulmonary Hypertension and impact of targeted interventions on RV-PA (Pulmonary Artery) coupling”
