

## **TRANSREGIO 81 – announcement of seminar**

**“Chromatin Changes in Differentiation and Malignancies”**

### **Team Stiewe**

***Dr. Katharina Schlereth***

**"Malignant reprogramming by the oncogenic transcription factor  $\Delta$ Np73"**

***Anna-Maria Maas***

**"RNAi screen to elucidate mechanisms of  $\Delta$ Np73-mediated gene silencing"**

### **Team Kracht**

***Liane Jurida***

**"Cooperative assembly of transcriptional regulators and cofactors  
at IL-1- and NF- $\kappa$ B target genes"**

***Johanna Soelch***

**"Identification of novel co-regulators for IL-1-mediated  
gene expression by shRNA-based screens"**

***Elisabeth Ziesche***

**"HDAC3 deacetylates p65 NF- $\kappa$ B to mediate IL-1-induced gene expression"**

**Thursday, 05.04.2012, 16:00 h**

**IFZ (Interdisziplinäres Forschungszentrum) der Uni Gießen  
Heinrich-Buff-Ring 26, 35392 Gießen, Raum B301 – 3.OG**

Guests are welcome

Host: Rainer Renkawitz
